FYTOKEM ANNOUNCES SECOND QUARTER 2004 FINANCIAL RESULTS

-Largest quarterly profit to date

Saskatoon, Saskatchewan, August 30, 2004 - Fytokem Products Inc. (Fytokem), a leading producer of *Function-Certified™* plant-based ingredients, today announced its financial results, showing positive results, for the second quarter ending June 30, 2004.

Sales increased 24% from last quarter although this was a decrease from the same quarter 2003. Quarterly costs were reduced 35% year over year, and remained essentially unchanged from last quarter. Much of this cost reduction results from outsourcing functions. Atrium Biotechnologies Inc. does most of the marketing while Fytokem concentrates on production, product development and quality control. The Company ended the quarter with its largest ever quarterly profit of \$18,850.

“This is the fourth quarter of the last five where we have shown break-even or better financial results,” said Art Hesje, President and CEO of Fytokem. “Our concentration on cost control and product quality (in support of our marketing partner Atrium,) is showing results. We are getting positive feedback on our products from both potential and established customers. We expect improved sales and will continue to focus on product quality and finding new market opportunities. As our sales grow we will strengthen our product research and development activities.”
